Bank accounting issues have been much in the news. Here's a puzzle for the bank's green-eyeshade set. This word search puzzle contains a selection of 25 words, terms, phrases, and abbreviations to do with bank accounting.

Here are some examples. There are acronyms for standards setters, like the Financial Accounting Standards Board (FASB); accounting groups, such as the American Institute of Certified Public Accountants (AICPA); bank accounting issues, such as "fair value accounting"; accounting standards, such as "generally accepted accounting principles" (GAAP); bank reports, like "call reports" and "form ten k" (10K) and some slang, like "beancounter."

Fax your completed puzzle, with name, bank, title, and e-mail, by 5 PM, Feb. 10, to 212-633-1165, to participate in a drawing for a \$25 Amazon gift certificate. Good luck! scocheo@sbbpub.com
